## The Powerline

Volume 3 Issue 2

Summer 2009

### In-Home Energy Evaluation Program

Sevier County Electric System and TVA are making it easier than ever to become energy efficient while also saving money. With the new In-Home Energy Evaluation Program, you can reduce your power usage and receive a cash incentive for installing home energy improvements. The recommended energy-related home improvements you make are eligible for reimbursement of 50 percent of the installation cost with an upper limit of \$500.

Here's how the program works:

- Contact SCES to arrange an In-Home Energy Evaluation by a certified evaluator.
- The evaluator reviews your home and creates a report outlining the potential energy-efficiency modifications and available cash incentives.
- Modifications must be made by a member of the TVA Quality Contractor Network.
- All home improvements must be completed within 90 days. Once the work is finished, it will be inspected to ensure that everything is installed to maximize savings.
- After the inspection, you submit receipts for the completed work to be eligible for the cash incentive.

## Comfort, Quality, & Energy Efficient

**6% Financing Available until September 30, 2009**

Whether it's snowing outside or a hundred degrees in the shade enjoying the benefits of an electric heat pump is now easier than ever thanks to the Quality Contractor Network (QCN), established by Sevier County Electric System and TVA. Heat pumps are an economical way of heating or cooling your home but to maximize their benefit they need to be installed properly. The QCN ensures just that.

Sevier County Electric System will provide you a list of the contractors who will give you a free estimate. SCES also offers financing at 6% and 8% interest for up to 10 years and the payments are included on your monthly electric bill.

You will now cool for less. Heat for less. And now, take a deep breath, pay less.

#### REQUIREMENTS

- QCN contractor only
- Customer must own the property
- Customer must be approved with credit check.

# MARATHON WATER HEATERS. NO BAILOUTS NECESSARY.

Marathon water heaters have the quality and durability you can depend on.

They have lower energy costs over the long haul.

They are Green Power ready.

And, they are warranted not to leak for as long as you own your home, so no bailouts required!

**Get a Marathon and invest in the future.**
